FIG 15b

FIG. 16 is a cross-sectional view of a device 200, showing a central vertical channel 220 and two side channels 222. A horizontal channel 230 is located at the bottom of the device, with a vertical channel 232 extending upwards from its center. A horizontal channel 234 is located to the right of the central channel 220. A horizontal channel 236 is located to the left of the central channel 220. A horizontal channel 238 is located to the left of the central channel 220.
